

**WHERE:** IWC Health & Wellbeing Community Centre  
184 Barolin Street,  
Walkervale QLD 4670

**DATE:** 17<sup>th</sup> April 2018

**TIME:** 09:00am – 4:30pm

This introductory workshop is designed for new and/or non-specialist workers who want to develop a better understanding of how psychoactive drugs work alongside a basic knowledge and skillset in how to support people who may be experiencing problematic substance use.

**Topics covered include:**

- history of substance use, statistics, prevalence and rates of use
- foundational theories and concepts
- aims and objectives of AOD treatment
- overview of the evidence - what works and what doesn't...
- basic assessment and brief intervention
- basic harm reduction and managing intoxication
- personal safety, managing boundaries and maintaining self care
- making great referrals - where to go for more information, training and support

Registrations are essential. To register, please visit:
