

WHERE: IWC Health & Wellbeing Community Centre
184 Barolin Street,
Walkervale QLD 4670

DATE: 18th April 2018

TIME: 09:00am – 4:30pm

This one day workshop will explore a broad range of family inclusive approaches, strategies and tools that can assist in improving the effectiveness of alcohol and drug treatment, including addressing some of the specific barriers to implementing family-inclusive approaches in practice.

Topics covered include:

- understanding the impact of substance use on families
- including families in intake and assessment
- explaining and managing confidentiality
- genograms and timeline approaches
- supporting families through treatment
- negotiating child protection and family and domestic violence concerns
- tips for family self-care.

Registrations are essential. To register, please visit:
