

AOD Relapse Prevention and Management

Core Skills

WHERE: St Bees and Newry Rooms, Education and Research Centre, Building K,
Mackay Base Hospital,
439 Bridge Rd, West Mackay QLD 4740

WHEN: 31st May 2018

TIME: 09:00am – 04:30pm

Prerequisite: Online Induction Material – Module 6

This workshop will equip workers with practical and positive strategies to assist clients who experience difficulty maintaining their drug use goals including preventing and managing relapse.

Topics covered include:

- precursors of relapse
- the Resolution Breakdown model
- identifying high risk situations for substance use
- relapse prevention and management interventions
- practical skill development exercises.

Bookings are essential. To register for this workshop, please go to:
